

Ecology, Evolution, and Behavior Seminar Schedule - Fall 2020

Please note that times will be either 9:30 AM or 3:30 PM. All seminars will be virtual.

All seminars will be recorded. Zoom links are included. Zoom Seminar password: eeb

Date	Time	Speaker	Title	Host	Link	Zoom ID
9/3/20	15:30	Marc Mangel	10 Principles From Evolutionary Ecology Essential for Conservation	Leah R Johnson	Marc Mangel	972 2435 7506
9/10/20	15:30	Enric Sala	Can we protect ocean biodiversity while enhancing food production and carbon storage?	Francesco Ferretti	Enric Sala	972 2435 7506
9/17/20	15:30	Sarah Bekessy	The critical role of everyday nature for the future of cities	Ashley Dayer	Sarah Bekessey	972 2435 7506
9/24/20	15:30	Nyeema Harris	TBA	Dana Hawley & Marcela Kelly	Nyeema Harris	972 2435 7506
10/1/20	9:30	Megan Frederickson	Mutualism evolution at micro- and macro-evolutionary scales	Annika Nelson	Megan Frederickson	990 9283 6828
10/8/20	9:30	Luis-Miguel Chevin	TBA	Josef Uyeda	Luis-Miguel Chevin	990 9283 6828
10/15/20	TBA	John Mendelsohn	TBA	David Millican	John Mendelsohn	990 9283 6828
10/22/20	15:30	Jared Westbrook	The evolving effort to restore the American chestnut	Jason Holliday	Jared Westbrook	930 4062 1474
10/29/20	15:30	Megan Greischar	Adaptation or artifact? Using models to examine diverse parasite life history in malaria infections	Lauren Childs	Megan Greischar	930 4062 1474
11/5/20	15:30	Eliana Cazetta	Habitat loss, not fragmentation, drives plant-frugivore interaction loss in tropical forests	Melissa Burt	Eliana Cazetta	930 4062 1474
11/12/20	9:30	EJ Milner-Gulland	TBA	Joseph Hoyt	EJ Milner-Gulland	985 9887 2151
11/19/20	9:30	Rafa Marce	Vanishing lakes and the remobilization of a millennial carbon sink	Ryan McClure	Rafa Marce	985 9887 2151
11/26/20		Thanksgiving	NA	NA		
12/3/20	9:30	Christine Lattin	The neurobiology of neophobia in a wild songbird	Kendra Sewall	Christine Lattin	985 9887 2151
