*Revised: 20 January 2012*

## I. STATEMENT OF PURPOSE

The purpose of the Biology Graduate Student Association (BGSA) is to consolidate and coordinate representation of the Biology Graduate Students. The BGSA provides for the orderly communication of information and opinions between the Biology Graduate Students, Graduate Student Assembly (GSA), the Department of Biological Sciences, and the greater University community. Furthermore, the BGSA aims to create a united, cohesive, collaborative, and friendly community among the Biology Graduate Students despite our varying sub-disciplines and physical locations on campus.

## II. MEMBERSHIP

Any registered Biology Graduate Student is automatically a member of the BGSA, unless they request to not be a member.

## III. FACULTY ADVISOR

The BGSA will nominate and elect an advisor from among interested faculty.
